

Joe Finn

PRESIDENT | IRVIN

As President of Irvin Products, Joseph (Joe) Finn is responsible for leading all facets of the global enterprise.

With over 30 years of experience driving value creation and revenue growth, Joe has a proven track record of executive management. Under his leadership, Irvin is focused on enhancing the vehicle experience by delivering finely crafted products, which leads to a positive experience for drivers, from showroom to their daily lives.

Joe is highly regarded as an effective and respected leader within the company and the industry, and even personally developed many members of his senior leadership team. Joe started his career at Irvin Products in 1985 as a co-op student in the Mechanical Engineering department. Throughout his tenure, he has served in leadership roles in operations, product engineering, manufacturing engineering, purchasing, and quality.

Joe has also been instrumental in the successful execution of critical launches. In 2016 he led Irvin Products through their strategic separation from Takata Holdings and subsequent acquisition by the Piston Group.

Joe holds a Bachelor of Science in Mechanical Engineering from GMI Engineering & Management Institute (Kettering University) and an MBA from Oakland University.
