

Gordon Fournier

CHIEF OPERATING & FINANCIAL OFFICER

Gordon Fournier is Chief Operating Officer (COO) and Chief Financial Officer (CFO) at Piston Group. He is responsible for the operational execution and finance functions for the Piston Group family of companies.

Gordon's career spans over 35 years with experience in financial management, business leadership, and corporate strategy. His background includes deep operational and financial knowledge working with large manufacturing companies across a multitude of industries.

During his career, he has worked across various industry segments, including Automotive, Building Supplies, Battery Technology, Plastics, and Information Technology.

Prior to being named COO/CFO in 2020 at Piston Group, Gordon spent 5 years at Masco Cabinetry, first as Chief Financial Officer and then was named President of the company. In this role, he was responsible for all operational and strategic aspects of a \$1.0B cabinet company with seven

manufacturing sites across the United States. Gordon also spent 22 years with Johnson Controls, where he held various leadership positions in Finance, Operations, and General Management. His time there also included 15 years of working in JCI's Automotive business sector.

Gordon holds a Master's degree in Business Administration, as well as a Bachelor's degree in Accounting, both from Michigan State University.
